MOVING TENNESSEE TO SWEENY 1917

Lindsey family history book

Etta Lindsey Allen

After Ell's departure for college, Dick became more discouraged than ever. He went to visit his sister Alice and her husband, Lige Meadors, who with their five sons lived in the adjoining community of Saltillo. Their daughter and her husband and their oldest son and his wife also lived there. Lige told Dick that he had received a letter from his sister, who with her husband and children had moved to Sweeny, Texas. He told Dick that she wrote of the mild climate and the plentiful work that was to be found there. She also wrote that Sweeny had a far better school. Lige told Dick that he was selling his farm and was going to move to Texas. He urged Dick to do the same.

Chapter 8 The Train to Texas

When Dick and Laura with their eight children reached the depot, they found Lige, Alice and their five sons waiting for them. None of the two families had ever ridden on a train before. In fact, the children had never seen one, and when it pulled into the station, puffing and blowing smoke, they stood and gazed in fright and awe.

MEADOR...MEADORS.....MEADOWS??????????????????

It is said that his father changed the name from Meador to Meadows at birth which causes some confusion. 1940 census says Meador @ age 1, High school annuals show various versions of the last name. A legal document signed Meadors. Social Security had him as Meador later changed to Meadows in 1999. Anyway, his children Lisa & Steve were born Meadows.
